

ST. THOMAS' SCHOOL
DWARKA, NEW DELHI

Cir No.: STS/50/2019-20

3rd July 2019 (Wednesday)

Dear Parent,

In the interest of the security and safety of our students, proactive remedial measures to ensure the safe transport for school children becomes one of our paramount safety objectives. Regarding this matter, the school has decided to strictly prohibit students from using self-driven vehicles. This guideline should be scrupulously followed. Strict action will be taken against students violating the rule.

CBSE circulars bear exhaustive provisions to be followed for safety of school children during transit. Parents are equally responsible for the safety of their children during school journey. Parents must ensure that the mode of transport arranged by themselves is absolutely safe for children. Parents must play the role of a vigilant observer on this sensitive subject.
